 - Contractor who is self-insured must submit form SI-12 or GSI-105.2 and DB-155.
 - Exempt Contractors - Workers' Compensation and/or Disability Benefits Coverage form CE-200.

ATTACHMENT "A"

Code of the Village of Port Chester - Chapter 151-11

H. Sump pump. Each owner of a building must obtain a certificate of compliance for a sump pump prior to any transfer of the property. An owner of a building may, under his/her own initiative, obtain a certificate of compliance for a sump pump prior to any report from the Village indicating such certificate is required prior to transfer. In such instance, the fee for such permit is hereby waived. If no sump pump is present on the property, the owner must submit an affidavit stating the property does not contain a sump pump.

(1) An application for a system permit shall be submitted to the Building Inspector for a sump pump and/or subsoil drainage systems as provided for in § 151-4.

(2) An inspection of the sump pump is required before a certificate of compliance can be issued as provided in § 151-7. A letter of certification that the sump pump has been inspected and is legally discharging shall be submitted by a Westchester County licensed plumber, registered architect or professional engineer.

If the inspection indicates that the sump pump is not in compliance, the owner shall be required to contact a Westchester County licensed plumber to correct the conditions not meeting the requirements.

(3) Upon a determination that the sump pump is found to be in compliance as provided for in § 151-7, the certificate of compliance shall be issued. The certificate shall remain valid unless revoked.

I. Building sanitary and storm drain laterals and subsoil drainage systems. Each owner of a building constructed prior to January 1, 1984, must obtain a certificate of compliance for the building sanitary and storm drain laterals and subsoil drainage systems prior to the transfer of the property. An owner of a building may, under his/her initiative, obtain a certificate of compliance for the building sanitary and storm drain laterals and subsoil drainage systems prior to any report from the Village indicating such certificate is required prior to transfer. In such instance, the fee for such permit for the drain and sewer lateral is hereby waived.

(1) An application for a system permit shall be submitted to the Building Inspector for the building sanitary and storm drain laterals and subsoil drainage systems as provided for in § 151-4.

(2) An inspection of the building sanitary and storm drain laterals and subsoil drainage systems (is required before a certificate of compliance can be issued as provided in § 151-7D. A letter of certification that the building sanitary and storm drain laterals and subsoil drainage systems has been inspected and is legally discharging and functioning properly, is watertight (as required) and is free from obstructions, leaks and defects shall be submitted by a Westchester County licensed plumber, registered architect or professional engineer. If the inspection indicates that the building sanitary drain and sewer laterals and subsoil drainage systems are not in compliance, the owner shall be required to contact a Westchester County licensed plumber to correct the conditions not meeting the requirements.

(3) Upon a determination that the building sanitary and storm drain laterals and subsoil drainage systems are found to be in compliance as provided for in § 151-7, the certificate of compliance shall be issued. The certificate shall remain valid unless revoked.
